

1008 Compact Shredder

FEATURES: This professional data security device is the ideal central device for a small busy office. It shreds credit cards with ease and chews through paper clips and standard staples

- Automatic start/stop control via electronic eye
- Reverse button in case of jam.
- Auto stop and container full indicator.
- Specially hardened steel cutters that are unaffected by standard paper clips or staples.
- Can shred credit cards and thermo-foils in addition to paper!
- Powerful, specially adjusted drive for high performance, also for longer periods of use; motor with thermal protection.
- The tried-and-tested closed-tooth wheel drive prevents penetration of dirt and slows wear, thus increasing the service life.
- Enclosed housing protects against the spread of paper dust and provides for “whisper quiet” shredding.
